LATHE & TOOL ROOM MACHINES · RAJKOT, INDIA · SINCE 1977

PRODUCT SUMMARY

REFERENCE	BM-261026-0298
DATE	26 Oct 2026
PRICES VALID UNTIL	02 Nov 2026

WELDING MACHINES

Regulator Type ARC Welding Machine

Lathe Machine · Industrial

PRICE (EXCLUDING GST)

Rs. 14,100

Rs. 16,638 including 18% GST

Key specifications

Standard specification; customisation available on request.

Type	**Regulator**	Design	**Robust design**
Performance	**Continuous performance**		

Price summary

1	**Regulator Type ARC Welding Machine** View product details online	1	Rs. 14,100	**Rs. 14,100**

Sub-total	Rs. 14,100
GST @ 18%	Rs. 2,538
Grand total	**Rs. 16,638**

Rupees Sixteen Thousand Six Hundred Thirty Eight Only

Features

Features:

- Robust design
- Continuous performance
- Simple operation

Specifications

With huge technical knowledge and industrial understanding, we are providing a wide assortment of **Regulator Type ARC Welding Machine**. Demanded in different industries for welding purposes, this machine is designed by our industry experts in line with the international quality norms. Available in varied models, offered welding machine is well examined by our dexterous professionals to ensure its high quality.

A/C Aims Model	OCV	Aluminium Winding	Electrode Size	
1 & 2 Phase				
150 A- WSR	50	11200	14-10	2.03 / 3.25
200 A- WSR	50	12850	12-10	2.64 / 3.25
250 A- WSR	50	14100	12-10	2.64/3.25

Select Model Regulator Type ARC Welding Machine				
Particular	Units	Select Model		
Model	AMPS	150A WSR	200A WSR	250A WSR

Description

Excellence is a pivot table around which BANKA Machines revolves. We are promoted by the professional approach with over three decades of vast experience in the sector of manufacturing and supplying Industrial Machines. High emphasis on International Standards quality made us widely recognized both within the country and worldwide.

Welding Machines does the fabrication process to joint materials like metals or thermoplastics by applying temperature. Techniques like brazing and soldering which do not melt the base metal are used for the welding process.

Arc Welding Machines carries out the type of Arc welding process which uses a welding power supply in order to create an electric arc among electrode and the base material to melt the metal at the welding point. It can be done using Direct Current (DC) or Alternate Current (AC) and consumable or non-consumable electrodes.

BANKA's Regulator Type ARC Welding Machine are cost saving and most economical give the features like rigidity, high precision value, competitive prices, etc. We offer a wide range of products for ARC Welding Machines. Our products are well compatible with International Standards. The graded material is used for manufacturing of this machine which ensures long life.

BANKA's Regulator Type ARC Welding Machine also have an added feature of power saving. It reduces power consumption by 30% to 70%. This machine is well compatible to weld all varieties of Electrodes. It also gives protection against voltage problems and hence it ensures smooth operations.

BANKA's Regulator Type ARC Welding Machine being rigid ensures high life span which also reduces maintenance cost.

It is adaptive to power saving that assists in increasing higher yield value return from the machinery.

The accuracy standards and economical price of this machine give an edge in acquiring higher productivity and cost effectiveness.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
