Features

- Precision-engineered Caliper
- Manufactured from high-quality hardened steel
- Precision-machined measuring legs
- Smooth adjustment for accurate dimension transfer

- Suitable for inside and outside measurement
- Strong construction for industrial applications
- Wear and corrosion-resistant finish
- Available in various sizes and configurations (Model Dependent)
- Easy to operate and maintain
- Designed for long service life

Specifications

Name	Size	Type	Material	Measuring Range	Adjustment	Application	Usage	Approx weight
CALIPER 4"	4 inches	Inside and Outside Calliper	Steel	Up to 4 inches	Screw Adjustment	Measuring Internal and External Dimensions	Engineering Workshops, Machine Shops, Fitting, and Machining Operations	0.15
CALIPER 6"	6 inches	Inside and Outside Calliper	Steel	Up to 6 inches	Screw Adjustment	Measuring Internal and External Dimensions	Engineering Workshops, Machine Shops, Fitting, and Machining Operations	0.15
CALIPER 8"	8 inches	Inside and Outside Calliper	Steel	Up to 8 inches	Screw Adjustment	Measuring Internal and External Dimensions	Engineering Workshops, Machine Shops, Fitting, and Machining Operations	0.15
CALIPER 10"	10 inches	Inside and Outside Calliper	Steel	Up to 10 inches	Screw Adjustment	Measuring Internal and External Dimensions	Engineering Workshops, Machine Shops, Fitting, and Machining Operations	0.15
CALIPER 12"	12 inches	Inside and Outside Calliper	Steel	Up to 12 inches	Screw Adjustment	Measuring Internal and External Dimensions	Engineering Workshops, Machine Shops, Fitting, and Machining Operations	0.15

Description

Overview

The Caliper is a precision measuring and layout tool designed for transferring, comparing, and checking dimensions on workpieces. It is commonly used to measure or compare inside and outside dimensions, diameters, thicknesses, and distances where direct

measurement with a graduated instrument may not be convenient.

Common Uses

The Banka Caliper is widely used for comparing and transferring inside and outside dimensions, checking diameters, measuring thicknesses, and verifying component dimensions during machining, fitting, fabrication, maintenance, and inspection operations. It is an essential hand measuring tool for machine shops, tool rooms, fabrication workshops, automotive industries, maintenance departments, educational institutes, and precision engineering facilities, where accurate dimension comparison, easy measurement transfer, and reliable workshop performance are essential.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
