Features

- Precision-engineered Centre Gauge
- Manufactured from high-quality hardened steel
- Designed for checking 60° threading tool angles
- Helps set threading tools accurately on a lathe

- Precision-ground reference edges
- Clearly marked graduations and thread pitch references
- Compact and easy-to-use design
- Wear and corrosion-resistant construction
- Suitable for various screw-threading applications
- Designed for long service life

Description

Overview

The Centre Gauge is a precision inspection and setting tool designed for checking and setting the angle, pitch, and profile of screw-cutting tools and ensuring accurate thread alignment during lathe operations. It is commonly used by machinists to correctly grind and set single-point threading tools, helping produce accurate and consistent screw threads.

Common Uses

The Banka Centre Gauge is widely used for checking and setting the angle and alignment of single-point threading tools during lathe threading operations and tool grinding. It is an essential tool for machine shops, lathe workshops, tool rooms, maintenance departments, automotive industries, educational institutes, and precision engineering facilities, where accurate tool geometry, proper thread alignment, and consistent thread quality are essential for producing precision-engineered threaded components.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
