TOOLS

CNC Dead Centre Extended

The CNC Dead Centre Extended is a precision-engineered machine tool accessory designed to support workpieces during CNC turning and machining operations. Its extended-point design provides additional reach for suitable machining setups where a standard centre may not offer the required access.

Features

- Precision-engineered extended-point design.
- Suitable for compatible CNC lathe machines.
- Provides support for workpieces during turning operations.
- Helps maintain workpiece alignment.
- Designed for industrial machining applications.

- Robust construction for workshop use.
- Supports stable machining setups.
- Suitable for compatible shaft and cylindrical components.
- Available in different sizes and configurations.
- Designed for reliable performance in precision engineering environments.

Specifications

Name	MT	L	L4	ØD	D	M	Approx weight
CNC DEAD CENTRE EXTENDED MT-3	MT-3	84 mm	70 mm	24.1 mm	11 mm	27 × 1.5	0.65
CNC DEAD CENTRE EXTENDED MT-4	MT-4	102.5 mm	83.5 mm	31.6 mm	14 mm	36 × 1.5	–
CNC DEAD CENTRE EXTENDED MT-5	MT-5	129.5 mm	90 mm	44.7 mm	18 mm	48 × 1.5	–

Description

Overview

The CNC Dead Centre Extended is a precision-engineered machine tool accessory designed to support workpieces during CNC turning and machining operations. Its extended-point design provides additional reach for suitable machining setups where a standard centre may not offer the required access.

Common Uses

The CNC Dead Centre Extended is commonly used in CNC lathe machines to support shafts and cylindrical workpieces during turning operations. Its extended-point configuration is useful for suitable setups requiring additional reach or access. It is widely applicable in precision engineering workshops, tool rooms, and industrial manufacturing facilities. The correct centre geometry, mounting interface, speed rating, and workpiece requirements should be checked before use to ensure safe and reliable machining performance.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
