Features

- High-performance and efficient coolant circulation
- Heavy-duty industrial-grade construction
- Continuous-duty motor for reliable operation
- Corrosion-resistant pump body and components
- Smooth and consistent coolant flow

- Low noise and vibration operation
- Compact and easy-to-install design
- Energy-efficient performance
- Low maintenance with long service life
- Compatible with water-soluble coolants and cutting fluids

Description

Overview

The Coolant Pump is an essential machine tool accessory designed to circulate coolant efficiently during machining operations. It helps cool the cutting tool and workpiece, reduces friction, improves surface finish, and extends tool life. Suitable for lathe machines, milling machines, drilling machines, and other machine tools, it ensures reliable coolant delivery for continuous industrial performance.

Common Uses

The Banka Coolant Pump is widely used for supplying coolant during turning, milling, drilling, grinding, boring, threading, and other machining operations. It effectively reduces heat, lubricates the cutting zone, flushes away metal chips, and improves machining performance, making it an indispensable accessory for machine shops, tool rooms, fabrication units, CNC workshops, and industrial manufacturing facilities.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
