Description

Overview

The Drill Vice is a precision workholding tool designed to securely clamp workpieces during drilling, tapping, reaming, light milling, and other machining operations. Manufactured from high-quality cast iron with precision-machined jaws, it provides excellent rigidity, strong clamping force, and accurate positioning for improved machining performance. Its robust construction ensures stable workpiece holding, minimizing vibration and enhancing operational safety.

Common Uses

The Banka Drill Vice is widely used for securely holding metal, plastic, wood, and other engineering workpieces during drilling, tapping, reaming, and light machining operations. It is an essential workholding accessory for bench drilling machines, pillar drills, radial drilling machines, tool rooms, fabrication workshops, maintenance departments, educational institutes, and precision engineering facilities, where secure clamping, accurate positioning, and reliable machining performance are essential for producing high-quality components.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
