Features

- Precision-engineered taper design.
- Adapts between compatible taper sizes.
- Suitable for taper-shank drill mounting.
- Helps maintain proper tool alignment.
- Robust construction for industrial use.

- Designed for compatible machine tool spindles.
- Supports reliable tool positioning.
- Available in different taper combinations.
- Suitable for workshop and production environments.
- Designed for repeated machining applications.

Description

Overview

The Drill Sleeve is a precision-engineered machine tool accessory designed to adapt between different spindle taper sizes and tool shanks. It allows compatible taper-shank drills and other suitable tools to be fitted into machine spindles or tool holders with different taper sizes.

Common Uses

The Drill Sleeve is commonly used in drilling and milling machines to adapt compatible taper-shank tools to a machine spindle with a different taper size. It is particularly useful when fitting Morse taper drills and other suitable taper-shank tools. Engineering workshops, tool rooms, maintenance departments, and industrial manufacturing facilities use drill sleeves to improve tooling compatibility and support efficient machining operations. Proper taper matching and secure seating are essential for safe and accurate use.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
