TOOLS

ER Face Cutter

The ER Face Cutter is a precision milling cutter designed for face milling, surface machining, shoulder milling, and general material-removal operations. It is designed to provide stable cutting performance and efficient material removal while producing a smooth and accurate machined surface.

Features

- Precision-engineered ER Face Cutter
- Rigid and durable cutter body
- Designed for efficient face milling
- Suitable for replaceable carbide inserts (Model Dependent)
- Precision-machined insert pockets
- Excellent cutter rigidity
- Efficient chip evacuation
- Suitable for roughing and finishing operations
- Available in various cutter diameters and configurations (Model Dependent)
- Designed for continuous industrial use

Specifications

Name	ER FACE CUTTER
Product Type	ER Face Cutter
Cutter Material	Alloy Steel
Insert Type	Carbide Insert (Model Dependent)
Cutter Diameter	Model Dependent
Number of Inserts	Model Dependent
Overall Length	Model Dependent
Bore / Mounting	Model Dependent
Insert Geometry	Model Dependent
Coating	Model Dependent
Machine Compatibility	Milling Machine / CNC Machining Center
Usage	Industrial & Workshop Applications

Description

Overview

The ER Face Cutter is a precision milling cutter designed for face milling, surface machining, shoulder milling, and general material-removal operations. It is designed to provide stable cutting performance and efficient material removal while producing a smooth and accurate machined surface.

Common Uses

The Banka ER Face Cutter is widely used for face milling, surface machining, shoulder milling, roughing, and finishing operations on steel, cast iron, aluminium, and other suitable engineering materials, depending on the insert grade and application. It is an essential milling tool for CNC machining centers, milling machines, production workshops, machine shops, tool rooms, automotive industries, and precision engineering facilities, where high material-removal rates, accurate surface machining, excellent rigidity, consistent finish, and reliable cutting performance are essential.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
