## Description

### Overview

The Fire Proof Cover is a protective industrial cover designed to protect machines, equipment, tools, and sensitive components from sparks, heat, hot metal particles, and welding spatter during fabrication, grinding, cutting, welding, and other high-temperature operations.

### Common Uses

The Banka Fire Proof Cover is widely used to protect machines, equipment, tools, and other valuable assets from welding sparks, grinding sparks, hot metal particles, and spatter. It is an essential safety accessory for machine shops, welding workshops, fabrication units, maintenance departments, manufacturing facilities, and industrial workshops, where heat resistance, spark protection, equipment safety, durability, and reliable performance are essential.
