Description

Overview

The Hand Drill Stand with Drill Vice is a versatile workshop accessory designed to convert a portable hand drill into a more stable and controlled drilling setup. It provides vertical guidance for the drill while the integrated drill vice securely holds the workpiece, helping achieve more accurate and consistent holes.

Common Uses

The Banka Hand Drill Stand with Drill Vice is widely used for accurate and controlled drilling of metal, wood, plastic, and other suitable materials while securely holding the workpiece in the integrated vice. It is an essential workshop accessory for machine shops, fabrication workshops, maintenance departments, tool rooms, educational institutes, service workshops, and general engineering facilities, where stable drilling, accurate hole positioning, secure workholding, and convenient operation are required.
