Heavy Duty Pipe Type Bench Grinder (Four Bearing)

- Model availability : RG 13 to 16
- Horsepower : 0.50 and 0.75
- RPM : 2800
- Shaft Dia : 15.80
- Approx Weight : 30 kg
- Four-bearing spindle assembly for heavy duty, vibration-free running
- Pipe type heavy duty frame built for industrial workshop environments
- Wheel sizes 150 mm and 200 mm (6" and 8") across RG 13 to 16 models
- 1 phase and 3 phase options with 0.37 / 0.55 kW motor ratings

Description

Bench Grinder Machines

Bench Grinder Machines are versatile grinding equipment designed for sharpening, deburring, polishing, and metal finishing applications. Equipped with abrasive grinding wheels mounted on both sides, these machines are widely used for sharpening lathe tools, drill bits, chisels, cutters, and other workshop tools. They are also ideal for removing burrs, cleaning metal surfaces, smoothing rough edges, and preparing workpieces before fabrication, assembly, or welding.

These machines are commonly used in machine shops, tool rooms, fabrication units, maintenance departments, engineering workshops, educational institutes, and manufacturing industries where precision grinding and finishing are essential. Their compact design, ease of operation, and dependable performance make them suitable for both routine maintenance work and continuous industrial applications.

BANKA Bench Grinder Machines are manufactured using high-grade materials and precision-engineered components to ensure smooth operation, excellent stability, and long service life. The rigid construction, dynamically balanced rotating assembly, and quality bearings help minimize vibration and deliver consistent grinding performance. Designed for reliability and operator convenience, these machines require minimal maintenance while providing accurate and efficient grinding for a wide range of industrial applications.

Key Benefits

- High-precision grinding, sharpening, and finishing.
- Heavy-duty construction for long service life.
- Smooth, low-vibration operation with consistent accuracy.
- Suitable for workshops, fabrication units, and industrial applications.
- Low maintenance and reliable performance.
- Designed for continuous use and improved productivity.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
