Features

- Heavy-duty and robust construction
- Precision-ground revolving centre point
- High-strength hardened alloy steel body
- Heavy-duty precision bearing arrangement

- High load-bearing capacity
- Excellent concentricity
- Smooth and stable rotation
- Designed for high-load machining operations
- Reduced friction and heat generation
- Available in various Morse Taper sizes (Model Dependent)

Description

Overview

The Heavy Duty Revolving Centre is a precision lathe accessory designed to provide strong and stable support for large, heavy, and long workpieces during turning and other machining operations. Its robust bearing-supported rotating tip allows the centre to rotate smoothly with the workpiece while handling higher radial and axial loads.

Common Uses

The Banka Heavy Duty Revolving Centre is widely used for supporting large, heavy, and long workpieces during turning, facing, boring, threading, and other machining operations. It is an essential lathe accessory for heavy-duty centre lathes, CNC lathes, production workshops, machine shops, tool rooms, fabrication units, and precision engineering facilities, where high load capacity, rigid workpiece support, reduced deflection, smooth rotation, accurate turning, and reliable machining performance are essential.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
