Features

- Precision-engineered Knurling Tools
- Hardened tool-steel knurling wheels
- Suitable for straight, diagonal, and diamond patterns
- Available in single, double, self-centering, and revolving configurations (Model Dependent)

- Strong and rigid tool holder construction
- Smooth-running knurling wheels
- Excellent pattern formation and surface finish
- Suitable for coarse, medium, and fine knurl pitches
- Designed for conventional and CNC lathe applications
- Durable construction for long service life

Description

Overview

The Knurling Tools are precision lathe tools designed to produce a patterned, textured surface on cylindrical workpieces. Knurling improves grip, handling, and appearance by forming straight, diagonal, or diamond patterns on the workpiece surface. Depending on the design, knurling tools use hardened knurling wheels that either form the pattern by pressure or cut the pattern into the material.

Common Uses

The Banka Knurling Tools are widely used for creating straight, diagonal, and diamond-patterned surfaces on shafts, handles, knobs, machine components, tools, and cylindrical workpieces during lathe machining operations. They are essential tools for machine shops, CNC turning centers, automotive industries, fabrication workshops, tool rooms, production units, and precision engineering facilities, where improved grip, accurate pattern formation, consistent surface finish, and reliable machining performance are essential for manufacturing high-quality components.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
