Features

- Precision-engineered micrometer
- High-accuracy measurement capability
- Hardened and precision-ground spindle and anvil
- Smooth spindle movement for precise readings
- Durable steel frame with insulated grip (Model Dependent)

- Clear and easy-to-read graduated scale
- Ratchet stop for consistent measuring force
- Locking mechanism to retain measurements
- Available in various measuring ranges (Model Dependent)
- Designed for continuous industrial use

Specifications

Description

Overview

The Micrometer is a precision measuring instrument designed for accurately measuring the outside dimensions of components such as shafts, rods, wires, and machined parts. It provides highly accurate and repeatable measurements, making it an essential tool for quality control, inspection, and precision machining. Manufactured from high-quality hardened steel with a precision-ground spindle

and anvil, it ensures exceptional durability, accuracy, and long service life.

Common Uses

The Banka Micrometer is widely used for measuring the outside diameter, thickness, and dimensions of shafts, rods, wires, tubes, and precision-machined components. It is an essential measuring instrument for machine shops, tool rooms, quality control laboratories, production workshops, automotive industries, aerospace manufacturers, educational institutes, and precision engineering facilities, where accurate dimensional inspection, tight tolerance verification, and consistent quality control are essential for achieving superior machining results.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
