Rupees Two Thousand Four Hundred Nineteen Only

## Features

- Precision-engineered ISO Milling Reduction Socket
- Designed for ISO taper reduction applications
- Precision-ground internal and external taper surfaces
- High-quality alloy steel construction

- Excellent concentricity and tool alignment
- Provides secure and rigid tool mounting
- Accurate taper fit for reliable power transmission
- Heat-treated for improved strength and wear resistance
- Available in various ISO taper combinations (Model Dependent)
- Suitable for conventional and CNC milling machines

## Specifications

## Description

### Overview

The Milling Reduction Socket (ISO) is a precision machine-tool accessory designed to reduce the spindle taper size of an ISO machine tool, allowing compatible milling arbors, tool holders, and other tapered accessories to be mounted securely. It provides accurate tool alignment, rigidity, and reliable power transmission during milling operations.

### Common Uses

The Banka Milling Reduction Socket (ISO) is widely used for adapting different taper sizes between ISO machine spindles and compatible milling arbors or tool holders during milling, drilling, and precision machining operations. It is an essential machine-tool accessory for CNC machining centers, milling machines, production workshops, tool rooms, machine shops, automotive industries, and precision engineering facilities, where accurate taper fitting, secure tool holding, low runout, increased tooling flexibility, and reliable machining performance are essential.

## The Banka promise

**3-Year Warranty**
Against manufacturing defects in major components.

**Transit Damage Covered**
Full responsibility for transport damage; safe packing free.

**Fast Delivery**
Ready-stock delivery across India in about 10 days.

**Video-Call Support**
Free start-up demo and quick remote technical help.

## Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
