Rupees Two Thousand Nine Hundred Seventy Three Only

Features

- Precision-engineered Pipe Centre – Blunt
- Blunt-end design for increased contact area
- Suitable for pipes and tubular workpieces
- High-strength hardened alloy steel construction
- Precision-ground supporting surface

- Excellent concentricity
- Stable and rigid workpiece support
- Helps minimize surface marking and deformation
- Suitable for lathe and CNC turning applications
- Designed for long service life

Description

Overview

The Pipe Centre – Blunt is a precision lathe accessory designed to provide stable and accurate support for pipes, tubes, hollow shafts, and other tubular workpieces during turning and machining operations. Its blunt-end design provides a larger contact area, making it particularly suitable for supporting workpieces with larger or softer centre surfaces where a pointed centre may cause unwanted deformation or damage.

Common Uses

The Banka Pipe Centre – Blunt is widely used for supporting pipes, tubes, hollow shafts, and tubular components during turning, facing, boring, and other machining operations. Its blunt contact design provides a larger supporting area and is particularly suitable where stable workpiece support, reduced deformation, minimized surface marking, accurate alignment, and reliable machining performance are required. It is ideal for centre lathes, CNC lathes, fabrication workshops, machine shops, production units, tool rooms, and precision engineering facilities.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
