Features

- Precision-engineered Side Lock Holder
- ISO taper for secure machine-spindle mounting
- Side-lock screw for positive tool retention
- Designed for Weldon-flat shank cutters
- Precision-ground taper and bore

- High-strength alloy steel construction
- Excellent rigidity during heavy cutting
- Heat-treated for enhanced durability
- Accurate tool alignment
- Available in various ISO sizes and bore diameters (Model Dependent)

Description

Overview

The Side Lock Holder (ISO Taper) is a precision tool holder designed for securely mounting end mills, slot drills, shell mills, and other cutters with a Weldon flat on CNC machining centers and milling machines. The side-lock screw engages the flat on the tool shank, providing strong radial clamping and excellent resistance to tool rotation during heavy-duty milling operations.

Common Uses

The Banka Side Lock Holder (ISO Taper) is widely used for securely holding end mills, slot drills, and other Weldon-flat cutting tools during heavy-duty milling, slotting, shoulder milling, pocketing, and general CNC machining operations. It is an essential tool-holding accessory for CNC machining centers, milling machines, production workshops, tool rooms, automotive industries, and precision engineering facilities, where rigid cutter holding, resistance to tool rotation, accurate tool alignment, and reliable machining performance are essential.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
