Features

- Precision-engineered Spherical Washer
- Self-aligning spherical design
- Compensates for angular misalignment
- Hardened steel construction
- Provides uniform clamping pressure

- Precision-machined spherical surfaces
- Suitable for inclined and uneven workpiece surfaces
- High wear resistance and durability
- Available in various sizes (Model Dependent)
- Designed for heavy-duty industrial use

SPHERICAL WASHER	926-4	M16	17 mm	30 mm	6.2 mm	0.01

Description

Overview

The Spherical Washer is a precision workholding component designed to provide self-aligning support and load distribution between a clamping bolt, nut, or stud and the workpiece or fixture. Its spherical mating surfaces allow the washer to compensate for slight angular misalignment, helping maintain even clamping pressure on inclined or uneven surfaces.

Common Uses

The Banka Spherical Washer is widely used in workholding and clamping systems where the clamping bolt or stud needs to accommodate slightly inclined, uneven, or non-parallel surfaces. It is an essential accessory for CNC machining centers, milling machines, mould and die workshops, tool rooms, machine shops, fixture assemblies, and precision engineering facilities, where self-alignment, uniform load distribution, secure clamping, and reliable machining stability are essential.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
