## Features

- Precision-engineered Surface Gage
- Manufactured from high-quality hardened steel and cast iron
- Heavy, stable base for vibration-free operation
- Fine adjustment mechanism for precise positioning

- Hardened scriber for accurate marking
- Precision-ground contact surfaces
- Smooth sliding and locking mechanism
- Corrosion-resistant construction for long service life
- Available in various sizes and capacities (Model Dependent)
- Designed for continuous industrial use

## Specifications

| Name | Base Length | Material | Adjustable Spindle | Clamping Mechanism | Application | Usage | Approx weight |
|---|---|---|---|---|---|---|---|
| SURFACE GAUGE 9" | 9 inches | Cast Iron Base with Steel Spindle | Yes | Provided | Marking Lines, Checking Flatness, and Layout Work | Engineering Workshops, Tool Rooms, and Machine Shops | 2.5 |
| SURFACE GAUGE 12" | 12 inches | Cast Iron Base with Steel Spindle | Yes | Provided | Marking Lines, Checking Flatness, and Layout Work | Engineering Workshops, Tool Rooms, and Machine Shops | 4 |

## Description

### Overview

The Surface Gage is a precision measuring and marking instrument designed for accurate layout, alignment, and inspection work on surface plates. It is used to mark reference lines, check workpiece alignment, measure height variations, and assist in precision inspection tasks. Manufactured from high-quality hardened steel and cast iron, the Surface Gage provides exceptional stability, rigidity, and long-lasting accuracy for industrial applications.

### Common Uses

The Banka Surface Gage is widely used for marking layout lines, checking workpiece alignment, measuring height variations, inspecting machined components, and setting up precision machining operations on surface plates. It is an essential measuring and marking tool for machine shops, tool rooms, fabrication workshops, automotive industries, quality control laboratories, educational institutes, and precision engineering facilities, where accurate layout, precise alignment, and reliable inspection are essential for producing high-quality machined components.

## The Banka promise

**3-Year Warranty**
Against manufacturing defects in major components.

**Transit Damage Covered**
Full responsibility for transport damage; safe packing free.

**Fast Delivery**
Ready-stock delivery across India in about 10 days.

**Video-Call Support**
Free start-up demo and quick remote technical help.

## Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
