Specifications

An electrical tapping machine is a specialized tool used for creating internal threads in a workpiece. It utilizes an electric motor to drive a tap, making the process faster and more efficient than manual tapping. Here are some key features and uses:

Features

1. Electric Drive

The machine is powered by electricity, providing consistent speed and torque.

2. Adjustable Speed

Many models offer adjustable speeds to suit different materials and tap sizes.

3. Automatic Feed

Some machines include automatic feed systems to simplify the tapping process.

4. Compact Design

Often designed to be portable and easy to set up in various work environments.

5. Safety Features

Includes mechanisms to prevent overloading and protect the operator.

Uses

1. Thread Creation

Used for making internal threads in various materials, including metals and plastics.

2. Production Work

Ideal for high-volume production where consistent and repeatable threading is required.

3. Maintenance and Repair

Useful in workshops for repairing damaged threads in existing components.

4. Versatility

Can be used with various tap sizes and types, accommodating different thread standards.

Description

ELECTRICAL TAPPING MACHINE

Technical specifications for tap range, power, speed, and weight.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
