Description

Overview

The Tilting Table is a precision machine-tool accessory designed to hold and position workpieces at various angles during milling, drilling, grinding, inspection, and machining operations. Its adjustable tilting mechanism allows accurate angular positioning, enabling machining of inclined surfaces and complex profiles with improved flexibility and precision.

Common Uses

The Banka Tilting Table is widely used for holding and positioning workpieces at precise angles during milling, drilling, grinding, machining, inspection, and fixture setup operations. It is an essential machine accessory for milling machines, CNC machining centers, drilling machines, tool rooms, fabrication workshops, automotive industries, production units, and precision engineering facilities, where accurate angular positioning, rigid workholding, and repeatable machining results are essential for producing high-quality components.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
