Features

- - Precision-engineered workholding design.
- - Designed for compatible lathe machines.
- - Provides secure workpiece gripping.
- - Supports accurate workpiece positioning.
- - Suitable for turning and facing operations.

- - Robust construction for industrial applications.
- - Available in different sizes and configurations.
- - Designed for reliable clamping performance.
- - Suitable for engineering workshops and production facilities.
- - Compatible mounting options depending on the model.

Description

Overview

The Lathe True Chuck is a precision-engineered workholding accessory designed to securely hold workpieces during lathe machining operations. It helps grip components firmly and maintain accurate positioning during turning, facing, boring, and other compatible machining processes.

Common Uses

The Lathe True Chuck is commonly used on compatible lathe machines to grip and position workpieces during turning, facing, boring, and other machining operations. It is suitable for engineering workshops, tool rooms, maintenance departments, and industrial manufacturing facilities. The appropriate chuck diameter, jaw configuration, mounting interface, and rated operating speed should be selected according to the machine and workpiece specifications to ensure safe and reliable operation.

The Banka promise

3-Year Warranty
Against manufacturing defects in major components.

Transit Damage Covered
Full responsibility for transport damage; safe packing free.

Fast Delivery
Ready-stock delivery across India in about 10 days.

Video-Call Support
Free start-up demo and quick remote technical help.

Terms & conditions

- All prices are in Indian Rupees and exclude GST; GST @ 18% is extra.
- Price validity: 7 days from the date of issue. Prices are taken live from ravimachines.com on that date.
- Warranty: 3-year warranty against manufacturing defects.
- Delivery: Free delivery, subject to Banka Machines' confirmation.
- Ready stock: 100% advance payment before dispatch; dispatched within 2 working days of full payment.
- Made to order: 50% advance on purchase order confirmation and 50% before dispatch.
- Accessory prices are standard catalogue prices; size-specific items (chucks, motors) are confirmed with your order.
