Description

Overview

The X-Slide Auto-Feed Attachment is a precision machine-tool accessory designed to provide automatic longitudinal feed movement along the X-axis during machining operations. It helps maintain a consistent feed rate, improves machining accuracy, and reduces manual operator effort.

Common Uses

The Banka X-Slide Auto-Feed Attachment is widely used for providing automatic and controlled X-axis movement during milling, surface machining, slotting, drilling, and other repetitive machining operations. It is an ideal machine accessory for milling machines, drilling machines, machine shops, production workshops, tool rooms, fabrication units, and precision engineering facilities, where consistent feed rate, improved accuracy, uniform surface finish, reduced operator effort, and increased machining productivity are essential.
